Do you need to bring in more money from filming and attract bigger budget productions?

FilmApp allows city and local authorities to take their film application online simply and inexpensively.

- Our cloud-based application makes it easier for productions to work with local residents, the police and local authorities.
- It makes the whole process of applying and authorising filming permits easy.

Why use FilmApp?

Work with multiple agencies and stakeholders with ease

- Organise contact lists for easy communication with internal and external stakeholders.
- Store all film locations and contacts as well as all stakeholder contact details.
- Maintain notes on film-sensitive neighbourhoods or special conditions for filmmakers.

Go paperless and manage applications quickly

- Fast, efficient online application process which saves your applicants time.
- Documents and messages stored in virtual workrooms for at-a-glance viewing and retrieval.
- Time-saving features such as messaging, calendars, reminders and document management organise your workload.
- Notify stakeholders, generate invoices, accept payments and issue permits all in one place.
- Fast online payment processing. View all updates and payments immediately in real-time.

Report on productivity

- Track all projects with transparency.
- Prove increased efficiency and revenues using the easy-to-run reports.
- Demonstrate value of film making in your streets and subsidies made to filmmakers.

FilmApp is cloud based

- Cloud based. No need for IT support or software upgrades.
- Data is secure.
- Simple and highly cost-effective.
- FilmApp is cloud based. No need for IT support or software upgrades and data is secure.

What our customers say about FilmApp

"Huntington Beach loves FilmApp. Not only does FilmApp allow for 24/7 support for film permit applicants, its software has allowed us to streamline our process. This helps us to complete more applications in a timely manner and has allowed us to market Huntington Beach as the most film friendly city in California!"

Max Daffron, City of Huntington Beach, CA

What our customers say about FilmApp

"In FilmApp I can check on resident consultation, police notification, health and safety requirements and all the other issues involved, at a glance. Holding records centrally, like this, across all locations is fantastic."

David Broder, Location Manager
